

Invitation: E-world energy & water 2020

February 11 - 13, 2020
Messe Essen | Hall 2 | Booth 2-100

MWM at the E-world energy & water 2020

We would like to invite you to the E-world 2020.

Learn more about our new, improved engines such as the multi-purpose TCG 3020 and the space-saving TCG 3042 (10 MW). Get to know our flexible gas solutions for various gas types and see how special gases such as methane from wastewater treatment plants or landfills can be utilized smartly. Another exhibition highlight: Our gas gensets with fast ramp-up option for more energy in times of peak demand. It's going to be exciting!

Meet us at the E-world energy & water 2020, Europe's largest event in the energy industry,

on February 11-13, 2020 in hall 2, booth 2-100,

in Essen, Germany.

To register for the exhibition free of charge and to make appointments, visit our website:
www.mwm.net/eworld2020.

Please feel free to write to messe@mwm.net if you have any questions concerning the exhibition.
We are looking forward to meeting you in Essen.
